Exemption from paying Octroi Duty - Methodist Mission Industrial School, Tumkur

---

With reference to your letters Nos L.2462/ml 115-42-9 dated 31st August 1942 and L 2775/ml 115-42-12 dated 8th Septr.42 forwarding copies of letters addressed to the Deputy Commissioner Tumkur District by the President, Town Municipal Council,Tumkur (No.H.C.15/42-43 dated 14th August 1942) and by the Superintendent, Industrial School, Methodist Mission, Tumkur (dated 28th Aug 1942 sent enclosed herein as desired) respectively, on the above subject I have the honour to state that the Workshop referred to by the President, Town Municipal Council, Tumkur is merely an extension of the Training Section and one is inseparable from the other. Such a combination is a common feature of the Industrial Schools under the control of this Department.

2. Highly specialised work is undertaken in the Workshop Section where the trainee's skill and volume of work are measured in terms of wages and the management has a need to add a certain percentage of profit to defray the wear and tear of tools, depreciation on machinery and a few other incidental charges. However much the profit added may be, it cannot be made to cover the cost of running the Industrial School as a whole, as is known from our experience of the working of the Chamarajendra Technical Institute, Mysore to which a Workshop, run on Commercial lines is attached and which also receives its supply of timber free of Octroi duty.

3 Under the circumstances, I am not in favour of imposing on the Methodist Mission Industrial School, which is a Government aided one and where nearly 60 poor boys are trained for a career in life, a condition from which Government owned Institutions, very similarly situated, are immune and recommend that the exemption granted be continued

I have the honour to be
Sir
Your most obedient servant

Re Government order exempting this Industrial School

The President of the Town Municipal Council, Tumkur in his letter to you(14th August 42) has stated that a " Commercial Workshop is attached to this so-called school, and furniture and cabinet are sold at fancy prices, on a business scale "

I regret very much that such a misleading statement was written This Industrial School is not commercial Its purpose and service are Educational Since 1878, this School has trained hundreds of poor boys There are now 60 very poor boys under training

All Industrial Schools rightly sell their products The sales in this School do not meet our expenditure The Mission has to provide a large contribution every year

So the Government has rightly considered these facts, and ordered exemption from octroi duty
